**PETITION FOR REVIVAL OF AN APPLICATION FOR PATENT
ABANDONED UNINTENTIONALLY UNDER 37 CFR 1.137(b)**

Mail Stop Petition

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

The above-identified application became abandoned for failure to respond to an Office Action mailed on March 13, 2006, setting a three month shortened statutory period for response. The abandonment date of this application was June 14, 2006 (i.e., the day after the expiration of the date of the period set for response). Applicants intended to extend the shortened statutory period to September 13, 2006, by payment of a three-month extension of time fee in order for it to be co-pending with application 11/520,186 filed on September 12, 2006. Applicants respectfully submit that the enclosed Statement in Support of Applicants' Petition to Revive establishes that the abandonment was unintentional, and that the entire delay in filing the required reply from the due date, until the filing of the present grantable Petition to Revive was unintentional.

APPLICANTS HEREBY PETITION FOR REVIVAL OF THIS APPLICATION

1. Proposed response and/or fee
 - a. Petitioner hereby requests a three-month extension of time under 37 C.F.R. § 1.136(a) extending the period for response to the Final Office Action mailed March 13, 2006 from June 13, 2006 to September 13, 2006. Petitioner hereby requests that the application be deemed abandoned on September 14, 2006.
 - b. The three-month extension fee of \$1110 is enclosed herewith.
2. Petition fee as set forth in 37 C.F.R. §1.17(m) is enclosed herewith.

(X) \$1620

3. The entire delay in filing the required reply from the due date for the required reply until the filing of a grantable petition under 37 C.F.R. § 1.137(b) was unintentional.

(X) Please charge any additional fees or credit overpayment to Deposit Account No. 11-1410.

PETITION TO REVIVE UNDER 37 C.F.R. §1.137(b)**

Commissioner for Patents
P.O. Box 1450
Alexandria, VA 22313-1450

Dear Sir:

Applicants submit herewith a Petition to Revive under 37 C.F.R. §1.137(b). The undersigned discovered recently that the above-referenced application (hereinafter "the '056 application") unintentionally went abandoned on June 14, 2006, instead of September 14, 2006, as previously believed.

On September 12, 2006 Applicants filed divisional application 11/520,186 (hereinafter "the '186 application") claiming priority to the '056 application. Thus the abandonment date of the '056 application is pertinent to the priority claim of the '186 application and other applications in the same priority chain.

The undersigned respectfully submits that the evidence discussed herein clearly demonstrates that the abandonment of the '056 application on June 14, 2006 was unintentional. The following is a brief background.

Appln. No. : 08/997,195
Group Art Unit : 1638
Filed : January 23, 2004

I. Background:

On March 13, 2006, an Office Action was mailed from the Patent Office in the '056 application. On September 12, 2006 the '186 application was filed as a divisional of the '056 application. The transmittal sheet of the '186 Application, showing a claim to priority of the '056 application, is attached hereto as Exhibit A. Although September 12, 2006 was within the six-month statutory time for responding to the March 13, 2006 Office Action, a three-month extension of time fee to extend the due date from the shortened statutory period of June 13, 2006 to full statutory period of September 13, 2006 was inadvertently and unintentionally not paid. Accordingly, the '056 application went abandoned on June 14, 2006 and not on the intended date of September 14, 2006. The undersigned was unaware that the intended extension of time was not submitted.

The undersigned intended to keep the '056 application pending at least until September 13, 2006, as evidenced by the filing of the '186 divisional application on September 12, 2006 which claimed priority to the '056 application. Accordingly, the abandonment of the '056 application on June 14, 2006 was unintentional. Although the undersigned received a Notice of Abandonment for the '056 application, that notice is dated October 17, 2006, and does not recite the date on which the application was deemed abandoned by the Patent Office. The Transaction History record for the '056 application, as shown on the U.S. Patent Office's website (attached as Exhibit B), states that the '056 application was abandoned on October 16, 2006. Thus, the undersigned was not put on notice that the '056 application went abandoned on June 14, 2006, rather than on September 14, 2006.

The undersigned believed at the time of filing the '186 Application, that the '056 Application remained pending until at least September 13, 2006.

II. Unintentional Abandonment

At all relevant times, the undersigned believed that the '056 application remained pending until September 13, 2006, and thus was co-pending with the '186 application when it was filed on September 12, 2006. As discussed above, the abandonment of the '056 application on June 14, 2006 resulted from an inadvertent failure to pay the three-month extension of time fee. Further, the undersigned was unaware of the June 14, 2006 abandonment date for all of the

Appln. No. : 08/997,195
Group Art Unit : 1638
Filed : January 23, 2004

reasons discussed above. Once the issue was discovered, this petition was diligently prepared and promptly filed. Accordingly, the entire delay in filing the required reply, from the due date for the reply until the filing the enclosed Petition to Revive was unintentional. The undersigned respectfully submits that the enclosed Petition to Revive is thus grantable.

Because the abandonment on June 14, 2006 was unintentional, revival of the '056 Application during the three months between June 13, 2006 and September 13, 2006 would thus resolve the priority claim issue. The undersigned therefore submits the attached Petition to Revive under 37 C.F.R. §1.137(b), and all relevant fees.

IV. Conclusion

In view of the foregoing, Applicants request the Office to grant the attached Petition to Revive under 37 C.F.R. §1.137(b).

The Commissioner is authorized to charge any additional fees, including any fees for additional extension of time, or credit overpayment to Deposit Account No. 11-1410.
